

Ethnicity: The Association launched its Intercultural Football Plan in June 2007. It is a conscious effort on the part of the Association to promote football amongst members of minority ethnic and cultural communities within Ireland. Given that Irish society has, and continues to become, more ethnically and culturally diverse the Plan also seeks to use football as a vehicle to promote a fully intercultural, and socially inclusive society at ease with its growing diversity.

Nationality: According to the Central Statistics Office (CSO), over 10 per cent of the population is of a nationality other than Irish. The Association has as an objective to provide opportunities to all persons of all nationalities.

The FAI would be obliged if you could assist us in achieving our Intercultural aims by filling in the appropriate boxes below. Please note that this is an optional section and is not a requirement to attend the club open day. The data on your ethnicity and nationality is not provided to other organisations and is only recorded for statistical information.
