

Transition Year module

KADE has been piloting a Transition Year module on the Millennium Development Goals with Mercy Mounthawk Tralee Transition Year class this school year. One outcome of this collaboration has been that the TY students have developed a booklet on the MDG's for CSPE students. The booklet is currently at the printers. Once printed, KADE will feature it in a workshop for Mounthawk CSPE teachers which will demonstrate how they can teach integrate DE into their teaching practice and specifically teach the MDG's to their students.
